A QUITTING DAY FOR MEN IN BIG FEDERAL JOBS

STATE STARTS FASTENING OF GUILT ON FRANK

Washington, Aug. 1.—This was a quiet day for several government officials.

James A. Fowler, of Knoxville, Tenn., retired as assistant to the attorney general after a two year record breaking trust busting campaign under both the Wilson and McReynolds administration. He will locate in Knoxville.

Carlton Told of New York has been nominated as his successor.

James F. Curtin of Boston stepped out of the treasury department as assistant secretary in charge of customs after nearly a four year term during which the customs service has been revolutionized and reformed. Charles Sumner Hamlin of Boston, will succeed Mr. Curtin.

Frank Cole of New York is a new private secretary to attorney general McReynolds a position which he held during the four year term of Attorney General Wilson. His successor has not been chosen.

Atlanta, Ga., Aug. 1.—After devoting four days to the presentation of evidence to show that Mary Phagan was killed in a room on the second floor of the National Pencil factory, the state will turn its efforts today toward fixing the blame upon Leo M. Frank now on trial.

Mrs. Arthur White, a wife of an employee of the factory testified that she visited the factory the day before the girl's body was found and saw Frank in his office. Frank was nervous and acted queerly. He said she declared that he jumped when he spoke to him and was afraid without repetition to repeat the meaning of the simple question he asked him. She also testified that she saw a negro man in the building as she left.

An important ruling was handed down by Judge Ruin today holding it proper to question a witness about the demeanor of Frank just after the crime but improper to inquire in regard to the manner of other persons near the scene of the murder.

COUNTY COURT MONDAY

Houston county court will convene next week beginning Monday and a heavy docket is before them. For various reasons there has been no court in this county for some weeks now which accounts for the comparatively large number of cases that are to come up. Judge Crawford will preside as usual in some important preliminaries to be held.

NOTICE SINGERS

Austin Hazelwood of Dothan will start a singing school at the Lafayette Avenue Methodist Church Monday morning next the work to start at 9 o'clock. School is wanted. For information see E. O. Spivey or T. J. Brown.

Washington, Aug. 1.—Automobiles and automobiles worth the value of \$40,000,000 were shipped from the United States in the first half of the year, according to figures released by the Bureau of the Census. Only \$1,000,000 worth were shipped for year to date. Canada was the largest export market and England second.

St. Louis, Mo., July 31.—This newspaper has a right to decline advertising when they deem it objectionable, even if it is submitted to them in a yearly contract, is the effect of a decision handed down today in United Court here. The case came up when a local department store sued by a newspaper to recover much of its advertising copy that he refused to publish.

CORPORATE POSTMASTER
IS ASKED TO RESIGN

Atlanta, Ga., Aug. 1.—The resignation of Postmaster P. M. Gray, right of Captain, has been requested by Postmaster General Herbert Hoover on the charge that Postmaster has failed to give sufficient personal attention to his duties following an investigation into the office here two weeks ago by special inspectors of the postoffice department.

Mr. Postmaster refused to resign the matter except to admit that his resignation has been requested. The question was asked him if he would resign if given a chance by his employer. He remained silent on the subject.

TO RESUME HIGH OFFICE

Washington, Aug. 1.—The Secretary of the Treasury prepared to release twenty-five to fifty millions of dollars of government funds in the management of the Bank of the South and West. The secretary is collecting information on the relative needs of each nation where banking is now under way or soon to begin, and expects to have this money in ample time for the movement of crops. Treasury officials today were confident that the secretary's plan would be a powerful factor in averting or reducing the prospective tightness of money characteristic of the year in question.

Mark Ingoldsby was nominated in the secretary's administration of the Bank of the South and West to receive prime ministerial power in economic matters. This nomination marks the government's first participation in the commercial market.

JASON ROBINSON OUT ON BOND.

Jason Robinson, who has been out on bond in connection with the Floyd killing some time ago, and who was arrested again under a charge brought against him by Mr. Floyd for shooting a pistol, was allowed bail in the sum of \$400. He has made the bond and is out again. When Floyd was killed the evidence showed that Robinson was given a pistol to deliver to young Floyd and it was from this that the arrest was brought about.
